SWS Bearings LTD
High Quality Bearing Manufacturer

Serving the Petroleum Industry for Nearly Half a Century

Rotary Table Thrust Bearings
Specifically designed with the needs of the oil industry in mind, our rotary table thrust bearings will routinely handle the extremely high thrust loads of modern drilling rigs.

Guarantee
SWS Bearing guarantees that any bearing we manufacture or rework is free from defects in workmanship or material. Any bearing which is proven to be defective within one year from date of purchase will be replaced or reworked free of charge if the de-fective bearing is returned, charges prepaid, to Willow Grove, PA and the bearing is found to have been prop-erly installed, lubricated, and used.

Swivel Crane & Hook Bearings A complete line of high capacity SWS thrust bearings are generally in stock, ready to meet the require-ments for quality and performance.

Radial Roller Pump Bearings
SWS cylindrical roller bearings are available for most oil drilling, air, water or mud pump systems.

We Routinely Rebuild Ultra-large Bearings up to 100 in. O.D.
Our rebuild capabilities include radial ball and roller bearings, ball and roller thrust bearings from 2 inch I.D. to 100 inch O.D. in many different designs and materials. SWS will rebuild any type or style of bearing from any other manufacturer.

You Know in Advance What You Are Getting and How Much it Will Cost
When you send us your bearings, our technicians inspect them thoroughly on arrival. A simplified rating system is used to determine the work needed to restore the bearing's operational param-eters and a firm estimate is prepared.
